

Quality Counts: Nashville After Zone Alliance Quality Improvement Pilot Final Report

[Nashville.jpg](#) [1]

In this report, we summarize key findings from the NAZA quality improvement pilot and offer recommendations for expanding and sustaining its impacts. Specifically, we present and discuss: (a) pre- and post-intervention instructional quality scores; (b) site managers' self-assessments of the impact and value of the NAZA pilot; and (c) survey reports from youth participating at the seven NAZA pilot afterschool programs. [1] [2] Detailed instructional quality scores (including item scores and national norm scores), sample information, and descriptions of all measures are provided in the Technical Appendix.
