

COACHING FOR CONTINUOUS IMPROVEMENT

Maximizing your Youth Program Quality Intervention

AUDIENCE

This training is designed to support and enhance the skills of individuals who provide Coaching and Technical Assistance to program managers within a Quality Improvement System.

SPECIAL FOCUS:

While open to everyone, this training will include emphasis on coaching OST program managers in PSELI communities!

DESCRIPTION

During this 2-day training, you will:

- Learn how to maximize data-driven planning with the out-of-school-time programs you serve.
- Receive resources to support the delivery of coaching services including tracking logs, Technical Assistance plans, calendars, and sample agendas for working with program managers.
- Discover your individual communication style and strengthen your skills for providing effective feedback.
- Begin to map out your own coaching initiative.

Following the live training, you will also have the opportunity to participate in a follow-up webinar and a one-on-one coaching session with a Weikart Center staff/consultant to discuss key supports and the implementation of the strategies learned in your network.
